Along with the quality assurance that comes with our USDA licensed products, Equiplas products come with the following:

- Ease of ordering on your existing account through distribution.
- Replacement of bags broken during transit.
- Ability to ship for Saturday delivery should an emergency arise, and it is past the cut off time for distribution orders (provided courier can deliver to the specific address)
- 24/7 Emergency Line with access to Technical Support from a licensed Veterinarian.

Additionally, Plasvacc can supply the following as a special order:

- Autogenous equine plasma
- Equine whole blood
- Equine platelet rich plasma
- Equine packed red blood cells
